

MO PEDERSEN

SENIOR TRAINER
AGFORCE TRAINING

Mo is a seasoned agricultural trainer and manager with a strong foundation in livestock, machinery, and vocational education and training (VET).

Based in Malanda, Queensland, he has delivered VET programs since 1995 and is currently a Specialist Trainer at AgForce Training, where he develops and oversees training programs that comply with VET requirements.

INFLUENTIAL WORK

- Curriculum Development: Created and implemented accredited and non-accredited training programs tailored to industry needs.
- Academic Growth: Fostered the professional development of students and peers within the agricultural training sector.
- Stakeholder Relations: Built strong connections with both internal and external stakeholders, enhancing collaboration and program effectiveness.
- Leadership Roles: Managed teams and large training contracts across North Queensland as a Senior Instructor and Northern Manager at Queensland Agricultural Training Colleges until its closure in 2019
- Agricultural Expertise: Owns and manages Fassifern Limousin and Droughtmaster Stud, excelling in breeding quality cattle, managing herd health, and farm maintenance.
